

# Staebel One Way Slide & Lock - Open Ended

staebel 

Product Code: 2101OWO

**The Staebel One Way Slide & Lock are designed to allow carers to help a user slide to the back of a chair or wheelchair and not be able to slide down.**

The One Way Slide and Lock are designed to allow carers to help a user slide to the back of a chair or wheelchair and not be able to slide down. Handles are positioned equally along the length of the product and carers can use the handles directly or attach extension straps to the handles, to prevent them having to bend down.

The Staebel One Way Slide & Lock helps people to sit back properly in chairs or wheelchairs without sliding back down. People independently, or with assistance by one or two carers depending upon need.

- Easy to Use Design
- Prevent users sliding down in wheelchairs, chairs or beds
- Improves people’s seating posture and comfort
- Allows people to be positioned further back in a chair
- Increases people’s independence
- Can be used unassisted or with assistance
- The open ended version is easier to pull the patient back into the chair
